Merchants Certified under the SIGIS Standard for an Inventory Information Approval System (IIAS)

NOTE: This is a list of merchants that have implemented the SIGIS IIAS standard. This list will be continually updated as merchants gain or lose Certified status. This list is informational only and does not apply to the approval or denial of FSA/HSA transactions. Approval of FSA/HSA transactions is based on the information submitted in the transaction during the card authorization request.

The prescription subtotal is optional for merchants to support when implementing their IIAS systems. This column indicates which merchants have chosen to provide the prescription subtotal in their card authorization requests. Some benefit plan balances are restricted to prescription drugs and require this additional information for approval. For clarification of the restrictions on your card, please speak to your plan administrator.

The Special Interest Group for IIAS Standards disclaims all representations and warranties with respect to the accuracy and completeness of the list and will not be liable for any direct, indirect, incidental orconsequential damages arising out of the use or reliance on the list even if the Special Interest Group forIIAS Standards had reasonable notice of the possibility of such damages.

The prescription subtotal is optional for merchants to support when implementing their IIAS systems. This column indicates which merchants have chosen to provide the prescription subtotal in their card authorization requests. Some benefit plan balances are restricted to prescription drugs and require this additional information for approval. For clarification of the restrictions on your card, please speak to your plan administrator.

The Special Interest Group for IIAS Standards disclaims all representations and warranties with respect to the accuracy and completeness of the list and will not be liable for any direct, indirect, incidental orconsequential damages arising out of the use or reliance on the list even if the Special Interest Group forIIAS Standards had reasonable notice of the possibility of such damages.
